

Spring Meeting 8:30 A.M.

March 27th Bozeman, MT

Holiday Inn 5 East Baxter Lane

Board Room

The following is an outline for the March 27th meeting with the State Department of Labor and the Independent Contractor board. Membership meeting to follow after to discuss MRA business.

The first is the use/misuse of Independent Contractor Certificates (IC's) by roofers and roofing companies.

- Misuse of the IC's
- Lack of OSHA adherence
- Competitive advantage of IC's
- Overall validity of the IC status for these roofers

The second issue discussed was the actual building codes and inspection process for roofing work. Clarification is needed regarding what is actually required in/at an inspection on a roof installation.

1. Explanation/Analysis of IC process
2. Insurance recommendations
3. Explanation/Analysis of roofing building codes
4. Discussion of training/cross training with roofing industry
5. Discussion of training/code clarification for consistency
6. Addition of MRA representative on building codes council.
7. Assignment of tasks and timelines and next steps
